# **Key Factors in Financial Results for FY March 2012**

#### •Full year sales achieved turn-around for the first time in four years

- 1. Consulting sales were positive for both business consulting and system consulting.
- 2. Financial IT Solutions expanded the project to introduce STAR-IV at Nomura Securities and support for system development for banks.
- 3. Industrial IT Solutions aggressively pursued strategies to expand business into new areas.

#### •Full year operating profit also achieved turn-around for the first time in four years

- 1. There was a marked improvement in profitability thanks to increased sales in the Consulting segment.
- 2. Large projects commenced in Financial IT Solutions, raising the utilization rate.
- 3. Costs accompanying acquisition of new customers rose in Industrial IT Solutions while there was a decline in unprofitable projects.

#### •Total net profit increased 42% due to extraordinary profit posted in 1Q.

# **Key Factors in Earnings Forecasts for FY March 2013**

- 5.8% sales growth is forecasted, primarily in sales to the securities, manufacturing and service sectors despite continuing uncertainty in the business environment
  - Overall trend of customers reducing IT costs is expected to continue for the time being. The timing of a recovery is unclear.
  - •The securities industry business will maintain a high operation rate due to the project to introduce STAR-IV at Nomura Securities
  - Provision of services to Ajinomoto will commence through NRI System Techno
- Profit will rise 4.3%, maintaining OPM level with a good balance between reliable execution of business with NRI strengths and expansion of business in new sectors
  - Higher profit due to increased sales
  - Rising costs due to expansion of new business
  - Depreciation expenses for new data center to open in November and software
  - Focus on cost control, including rationalization of administrative contracting costs

1. Financial Results for FY March 2012

2. Financial Results Forecasts for FY March 2013

3. Priority Measures for Medium to Long-term Growth

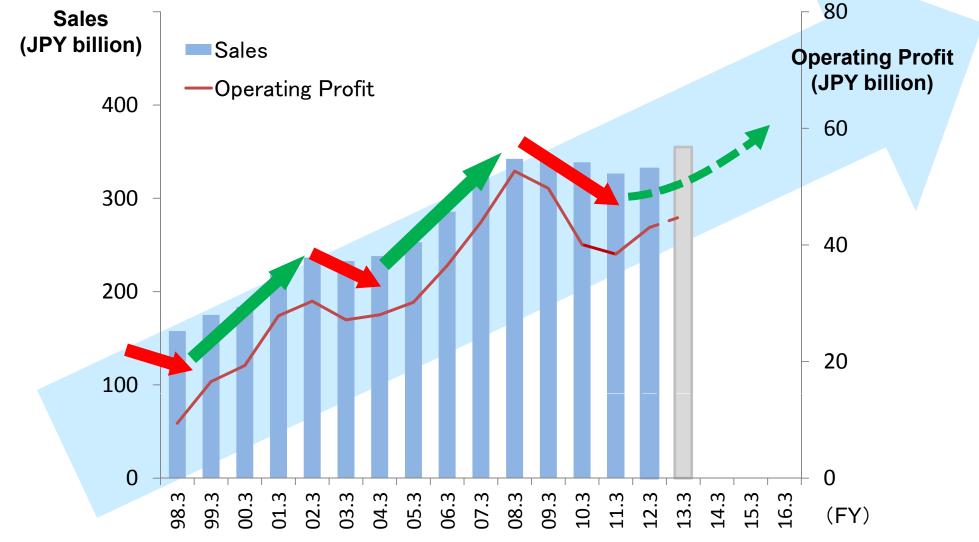

# **External Environment (Medium to long-term)**

### • The business environment is a tailwind for NRI.

## **Toward Medium to Long-term Growth**

Focus on maintaining and expanding medium and long-term growth track

### Toward Medium to Long-term Growth: "Vision 2015"

# Greater advancement of services in financial sector

Create more industry-specific, standardized solutions (business platform)

### Expansion into industry-related sectors

>Win more customers in the industry sector by tapping our existing strengths

# Strengthen and expand business in China and Asia

### Increase productivity and develop human resources

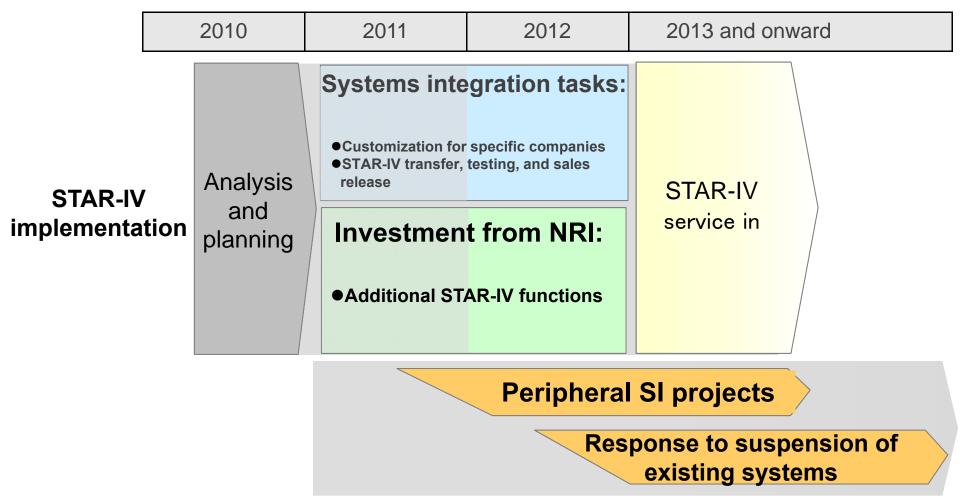

# **Priority Measures for Medium to Long-term Growth**

| Greater advancement of services in financial sector | Complete introduction of STAR at Nomura Securities and subsequent developments |
|---|--|
| Expansion into industry-                            | Increase solutions in banking sector   |
| related sectors                                     | Strengthen operational consulting  |
| Strengthen and expand<br>business in China and Asia | Strengthen prime account strategy (consulting x system)                        |
| Increase productivity and develop human resources   | Grow client base, with a focus on consumer products industry                   |
|   | Further establish consulting and IT services, primarily in Asia                |
|   | Enhance NRI-style platform business  |

### **Complete introduction of STAR-IV at Nomura Securities** and subsequent developments

>Introduction of STAR-IV at Nomura Securities is proceeding according to plan

Commencing examination of measures for discontinuation of existing system

### **Increase solutions in banking sector**

Increasing customers for Internet banking service Value Direct
 Promoting introduction of next generation Bestway

### **Internet Banking Solution**

Number of companies deciding to implement solution 6<sup>1</sup>

Collaboration with Nihon Unisys

Account-type system utilizing BANKSTAR<sup>®2</sup>

OTC operating solution for investment trusts Adopted by 105 companies<sup>3</sup>

1. As of April, 2012

- 2. Registered trademark of Nihon Unisys, Ltd.
- 3. As of end-March 2012

### Expand Solutions in Banking Sector (ex.) Internet Banking Service Value Direct

The first user of the full banking service went operational in January •The trust fund service commenced in February for Minato Bank and Nanto Bank

Note: Value Direct provides full banking functions to handle a series of transactions, including transfers and payments, term deposits, foreign currency deposits, mutual funds, government bonds, and loans. Value Direct/Mutual Fund offers the mutual fund functions from Value Direct

# **Strengthen Operational Consulting**

#### Consulting services are growing into operational domain as well

Note 1: PMI (Post Merger Integration): Integration following merger or acquisition

Note 2: BI (Business Intelligence): Mechanisms introduced to access, analyze and utilize data sources that exist inside and outside of a company

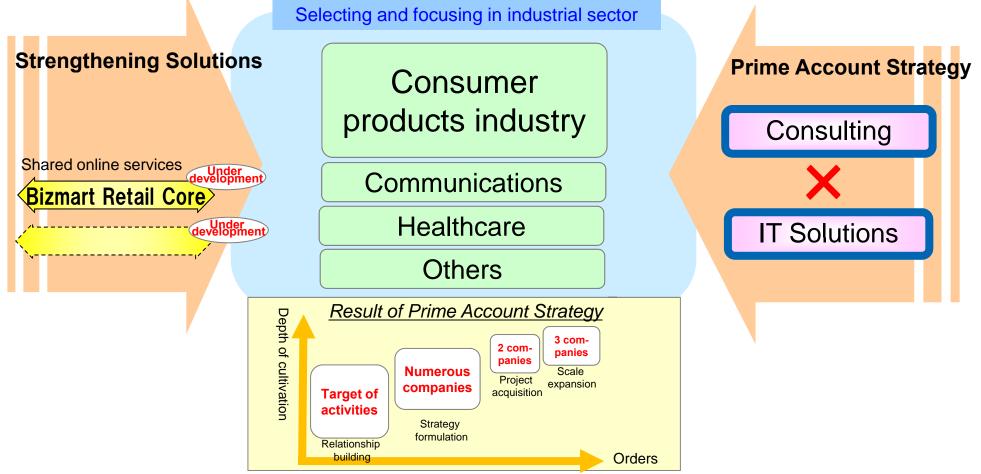

These materials were prepared for the sole purpose of providing information to use as reference in making investment decisions, and are

not intended as a solicitation for investment. Copyright(C) 2012 Nomura Research Institute, Ltd. All rights reserved.

### Strengthen prime account strategy

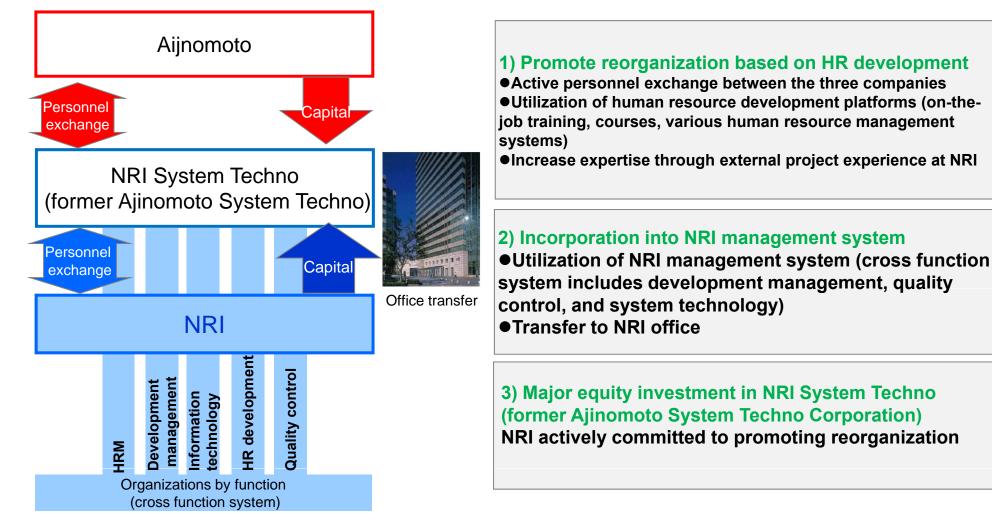

### Grow client base, with a focus on consumer products industry

- Selecting and focusing on consumer industry in industrial sector
- Strategy taking advantage of synergies between consulting and IT solutions "Navigation × Solution"

#### Strengthen Prime Account Strategy Expand client base, with a focus on consumer industry (ex.1) Strategic Alliance on IT Services with Ajinomoto Co., Inc.

Ajinomoto information subsidiary added to NRI group on April 1

#### Strengthen Prime Account Strategy Expand client base, with a focus on consumer industry (ex.2) Supporting the reorganization of Shiseido's core operations

Comprehensively supporting the realization of Shiseido's new business

NRI has supported the realization of the online business launched in April from business model planning through system design and development and monitoring

Note: NRI has provided consistent support starting from the proposal of the new business model for the Beauty & Co., website launched in collaboration with beauty and health related companies and professionals and the total beauty service "watashi +" from the construction and development of "watashi +" through to operational supervision

### Further establish consulting and IT services, primarily in Asia

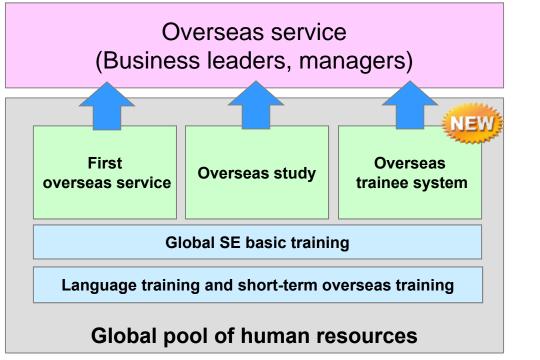

- Increase consulting centers following Shanghai (India, Southeast Asia, etc.)
- Create IT system business following 7&i business and global SCM →promote alliances with local companies

# <Global Human Resource Development>

- Strengthening overseas human resource development, aiming for 5% of total sales overseas
  - (Example) Overseas training system:

⇒One year detachments for 17 employees at overseas offices of NRI and its customers in FY2012, 100 employee groups deployed overseas when including other training

Nikkan Kogyo Shimbun, April 10, 2012

# **Enhance NRI-style Platform Business**

 NRI will realize a platform business by integrating the IT Platform Integration Business into the IT Platform Services segment, gathering over 1,000 platform engineers from the NRI Group

# <Responding to rising data center demand>

Data centers face rising requirements, including the need to be BCP/DR and cloud-ready
A leading edge data center (Tokyo #1 Data Center) is scheduled to open in November 2012
The Outsourcing Department will be set up within the IT Platform Integration Division in April

(Image) Double-decker system with 4m high space below computer room floor

Highest level of disaster tolerance and reliability ■Safety

- •Low risk location for earthquakes, flooding and liquefaction
- •Latest seismic isolation construction to combat pitch

#### Sustainability

- •Close to city center, accessible by a number of routes
- •Connectivity between data centers in event of disasters

#### ■Security

- •Electromagnetic shield to prevent data interception
- Security checks using 3D holographic body scanners and X-ray equipment
- Concentration of latest technology (Double-
- decker system)
- •High density ICT
- Advanced security and maintenance
- Contribution to reducing CO2 emissions

#### High function data centers underpins NRI's system outsourcing business

# NRI turns Singapore subsidiary into regional platform

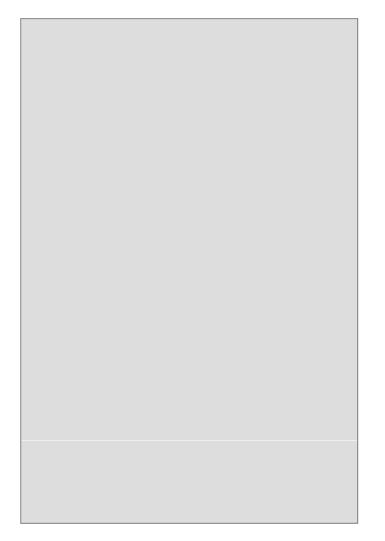

- On April 1, NRI changed the name of group company NRI Singapore to NRI APAC and injected capital.
- These moves position NRI APAC at the core of NRI's Asian business development, accelerating the pace of its effort to strengthen and expand its business in the Asian region.
- With NRI India and NRI Hong Kong as subsidiaries, NRI APAC has 1.6 billion yen in capital.

Nikkan Kogyo Shimbun,

#### **NRI delivers Value Direct to Minato Bank**

- NRI commenced provision of its Value Direct/Mutual Fund service to Minato Bank on February 6. The bank is the first user of Value Direct/Mutual Fund.
- Value Direct/Mutual Fund is a service offering the mutual fund functions from NRI's shared Value Direct online banking service. The service offers a comprehensive line up of functions that users need to buy and sell mutual funds online. They include fund information, orders, transaction and balance inquiries and electronic delivery.
- Several other banks have already decided to introduce the system, and preparations for implementation are underway.

Nikkei Business Daily, February 21, 2012

#### Sales support using "big data"

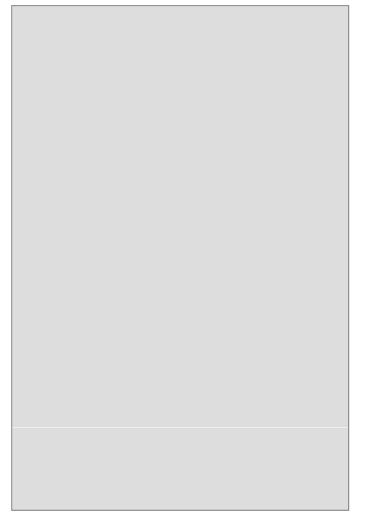

- NRI inaugurated a big data research group, and has initiated trials with client companies by industry, including manufacturing and distribution.
- NRI will integrate business data that includes client information analyzed by sales channel, including direct sales, agency sales and Internet sales, to facilitate formulation of optimum sales strategies. After completion of trials, NRI aims to employ the data in its analytic platforms.

Nikkan Kogyo Shimbun, April 11, 2012

Alliance with China Chamber of Commerce

- NRI agreed on a strategic alliance with the China General Chamber of Commerce to promote exchange between Japan and China in the distribution and service industries.
- NRI and the China General Chamber of Commerce will share expertise and personnel networks that they have built up in the distribution and service industries to advance activities that promote corporate exchange between Japan and China.
- In addition to joint seminars on the Chinese market, an individual consulting service for Japanese and Chinese companies is also planned
