Proposal 5: Determination of the Amount of Remunerations for Members of the Board Who Are Not Members of the Audit & Supervisory Committee

If Proposal 1 “Partial Amendment to the Articles of Incorporation” is approved and adopted as proposed, the Company will transition to a Company with an Audit & Supervisory Committee.

Approval received at the 57th Ordinary General Meeting of Shareholders held on June 17, 2022, had the effect of limiting the amount of remunerations for Members of the Board of the Company to a total of ¥2,000 million per annum (of which the amount for Outside Directors is limited to a total of ¥300 million per annum), and is currently in effect. In line with the transition to a Company with an Audit & Supervisory Committee, the Company proposes to abolish this system and limit the amount of remunerations for Members of the Board who are not Members of the Audit & Supervisory Committee to a total of ¥2,000 million per annum (of which the amount for Outside Directors is limited to a total of ¥300 million per annum), taking into consideration the amount of remunerations for Members of the Board to date and their roles and responsibilities. The specific amount and timing of payment to each Member of the Board who is not a Member of the Audit & Supervisory Committee shall be determined by a resolution of the Board of Directors.

In addition, the Company’s restricted stock-based remuneration plan for Members of the Board (excluding Outside Directors) (hereinafter referred to as “Stock-Based Remuneration Plan”) was approved at the 57th Ordinary General Meeting of Shareholders held on June 17, 2022, and is currently in effect. However, in line with the transition to a Company with an Audit & Supervisory Committee, the Company proposes to make Members of the Board who are not Members of the Audit & Supervisory Committee (excluding Outside Directors) eligible for said plan (such Members of the Board are hereinafter referred to as “Eligible Members of the Board” in this proposal). The details of said plan are as described in the <Details of the Stock-Based Remuneration Plan> on the next page, and except for the amendment to Eligible Members of the Board, there are no amendments from the details of the current plan. Regarding the amounts of remunerations for Eligible Members of the Board under said plan, as with the current Stock-Based Remuneration Plan, the Company proposes to revise, within the limit of an amount per annum of ¥2,000 million as mentioned above, the total amount of monetary remuneration claims to be provided to grant restricted stock to Eligible Members of the Board to be not more than ¥800 million per annum (not more than 180,000 shares per annum) (not more than ¥240 million per annum [not more than 54,000 shares per annum] for “stock-based remuneration as long-term incentives,” and not more than ¥560 million per annum [not more than 126,000 shares per annum] for “stock-based remuneration as medium-term incentives”).

The amounts of remunerations of this proposal and details of the Stock-Based Remuneration Plan have been judged to be appropriate, with comprehensive consideration given to the business scale, structure of remuneration for Members of the Board and payment standard thereof, Medium- to Long-Term Management Plan, configuration of the Board of Directors in the future, share prices, etc. of the Company, as well as in light of the report from the Compensation Committee that they are appropriate.

The current number of Members of the Board is nine (9) (including three (3) Outside Directors), but if Proposal 1 “Partial Amendment to the Articles of Incorporation” and Proposal 2 “Election of Nine (9) Members of the Board Who Are Not Members of the Audit & Supervisory Committee” are approved and adopted as originally proposed, the number of Members of the Board who are not Members of the Audit & Supervisory Committee will be nine (9) (including three (3) Outside Directors).

This proposal will become effective on the condition that the amendments to the Articles of Incorporation in Proposal 1, “Partial Amendment to the Articles of Incorporation,” take effect.

<Details of the Stock-Based Remuneration Plan>

1. Outline of the Stock-Based Remuneration Plan

The restricted stock granted to Eligible Members of the Board shall consist of (i) “stock-based remuneration as long-term incentives” for which the transfer restrictions are not lifted until the date of retirement, provided as a way of promoting shared values between Eligible Members of the Board and shareholders through the holdings of shares of the Company and as long-term incentive to work for continuous enhancement of the corporate value of the Company, and (ii) “stock-based remuneration as medium-term incentives,” for which there is a transfer restriction period set for between three and five years, provided as medium-term incentive to work to achieve the Company’s medium-term performance targets as set by the Medium-Term Management Plan and further increase the share price. The Eligible Members of the Board shall pay all monetary remuneration claims to be provided in the form of property contributed in kind, in accordance with the resolution of the Board of Directors, and shall, in return, receive common shares of the Company that shall be issued or disposed of by the Company. The amount to be paid per share shall be determined by the Board of Directors based on the closing price of the Company’s common shares on the Tokyo Stock Exchange on the business day immediately before the day of each resolution by the Board of Directors (if there is no closing price on such date, the closing price of the closest preceding trading day), which will be within the range not especially advantageous to Eligible Members of the Board who are to be granted the common shares. For the issuance or disposal of the common shares of the Company, an agreement on allotment of the restricted stock (hereinafter the “Allotment Agreement”; an outline is as provided in 3. below) shall be entered into between the Company and each Eligible Member of the Board.

2. Total Amount of Monetary Remuneration Claims and Number of Shares Under the Stock-Based Remuneration Plan

The total amount of monetary remuneration claims provided to Eligible Members of the Board shall be not more than ¥240 million per annum in “stock-based remuneration as long-term incentives” and not more than ¥560 million per annum in “stock-based remuneration as medium-term incentives,” for a combined total of not more than ¥800 million per annum.

In addition, the total number of common shares issued or disposed of by the Company to Eligible Members of the Board shall be not more than 54,000 shares per annum for “stock-based remuneration as long-term incentives” and not more than 126,000 shares per annum for “stock-based remuneration as medium-term incentives,” for a combined total of not more than 180,000 shares per annum. However, from the date the introduction of the Stock-Based Remuneration Plan is approved and adopted onward, in the event of the implementation of a stock split (including allotment of common shares of the Company without contribution) or a stock consolidation of the common shares of the Company, or in other situations in which it becomes necessary to adjust the total number of common shares of the Company issued or disposed of as restricted stock, the total number of shares shall, from the relevant effective date onward, be adjusted to the extent reasonable to reflect the stock split ratio, consolidation ratio, or other adjustment.

3. Outline of Terms and Conditions of the Allotment Agreement

(1) Restriction Period

Eligible Members of the Board must not transfer, or use as collateral, or otherwise dispose of the common shares of the Company allotted under the terms of the Allotment Agreement (hereinafter the “Allotted Shares”) from the date the Eligible Members of the Board receive allotments under the Allotment Agreement onward until, in the case of “stock-based remuneration as long-term incentives,” the date that the Eligible Members of the Board retire from one of the positions of Member of the Board, Audit & Supervisory Board Member, Senior Managing Director, Managing Director, Research Director, Adviser, Counselor, Research Counselor or other equivalent positions, or employee positions (hereinafter “executive positions”) of the Company or its subsidiaries (excluding cases in which they are appointed to other executive positions of the Company or its subsidiaries at the same time as they retire; hereinafter the “retirement date”), or, in the case of “stock-based remuneration as medium-term incentives,” a period of three to five years, to be determined beforehand by the Board of Directors of the Company (hereinafter the “Restriction Period”), (hereinafter the “transfer restrictions”).

(2) Treatment on retirement from the position

If an Eligible Member of the Board retires from executive positions of the Company or its subsidiaries before the Restriction Period expires, the Company shall automatically acquire such Allotted Shares without contribution, unless the reason for his/her retirement from office is the expiration of the term of his/her office, death, or other justifiable reason.

(3) Lifting of transfer restrictions

Notwithstanding the provision of (1) above, the Company shall lift the transfer restrictions of all of the Allotted Shares upon expiration of the Restriction Period, on the condition that the Eligible Member of the Board has remained in executive positions of the Company or its subsidiaries throughout the Restriction Period. However, if, due to the expiration of the term of his/her office, death, or other justifiable reason as defined in (2) above, Eligible Members of the Board retire from the executive positions defined in (1) above before the Restriction Period expires, the number of Allotted Shares on which transfer restrictions are to be lifted, and the timing of lifting of transfer restrictions, shall be adjusted as necessary to the extent reasonable.

(4) Treatment during reorganization, etc.

Notwithstanding the provision in (1) above, if matters relating to a merger agreement in which the Company is the disappearing company, a share exchange agreement or share transfer plan in which the Company becomes a wholly owned subsidiary, or other reorganization, etc. are approved at the general meeting of shareholders of the Company during the Restricted Period (or approved by the Board of Directors of the Company in case that approval of the general meeting of shareholders of the Company is not required in relation to the reorganization, etc.), the Company shall lift the transfer restrictions of the Allotted Shares by resolution of the Board of Directors of the Company prior to the date on which the reorganization, etc. becomes effective. In cases specified above, the Company shall automatically acquire without contribution the Allotted Shares on which the transfer restrictions have not been lifted as of the time immediately after the transfer restrictions were lifted.

(5) Other matters determined by the Board of Directors

In addition to the above, the method for expressing intentions and giving notifications in the Allotment Agreement, the method for amending the Allotment Agreement, and other matters to be determined by the Board of Directors shall be laid out in the Allotment Agreement.

Proposal 6: Determination of the Amount of Remunerations for Members of the Board Who Are Members of the Audit & Supervisory Committee

If Proposal 1 “Partial Amendment to the Articles of Incorporation” is approved and adopted as proposed, the Company will transition to a Company with an Audit & Supervisory Committee.

Therefore, the Company proposes to limit the amount of remunerations for Members of the Board who are Members of the Audit & Supervisory Committee to a total of ¥500 million per annum, taking into consideration their roles and responsibilities. In addition, the specific amount and timing of payment to each Member of the Board who is a Member of the Audit & Supervisory Committee shall be determined by discussion among Members of the Board who are Members of the Audit & Supervisory Committee.

The amounts of remunerations of this proposal have been judged to be appropriate, and have received a report from the Compensation Committee that they are appropriate and a resolution of approval by the Audit & Supervisory Board.

If Proposal 1 “Partial Amendment to the Articles of Incorporation” and Proposal 3 “Election of Five (5) Members of the Board Who Are Members of the Audit & Supervisory Committee” are approved and adopted as originally proposed, the number of Members of the Board who are Members of the Audit & Supervisory Committee will be five (5) (including three (3) Outside Directors).

This proposal will become effective on the condition that the amendments to the Articles of Incorporation in Proposal 1, “Partial Amendment to the Articles of Incorporation,” take effect.
